Status SMB

- Recent developments in financial markets lead to cost savings becoming more important for SMB companies and puts Telio in an even more unique position with our SMB VoIP offering
- Continued good growth in Q3, with total of 4,000 lines at the end of the quarter
- At the end of Q3, Telio has launched solution for targeting SMBs with higher number of lines, expanding our reach to companies with above 8 lines
- New launched solution consists of:
 - higher end IP Phone (Linksys SPA 962) with Call Attendant Console (Linksys SPA 932)
 - it includes additional attractive set of IP Centrex features and functionality, which increases efficiency of companies in this market segment

International

- Healthy growth
 - DK 67% compared to Q3 07
 - NL 11% compared to Q3 07

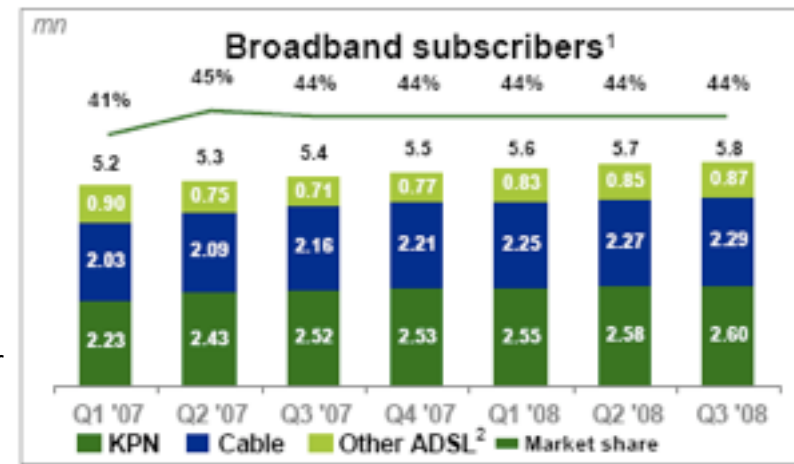

- Denmark
 - SMB distribution model for Norway implemented in Denmark
 - Success in online sales

- Netherlands
 - Wholesale agreement with Pretium Telecom

Contract with Pretium Telecom

- Multi year contract (initial term 5 years), which will enable Pretium Telecom to offer Dutch subscribers VoIP services on Telio's award winning platform
- Pretium Telecom is 3rd largest Dutch Telecom operator with 200,000 subscribers on CPS (Carrier Pre-Select) platform
- This contract strengthens Telio's position on the Dutch market and positions Telio as the leading White Label vendor in this market, which is poised for growth across Europe (as regulatory regimes are maturing and "mass conversion of PSTN to VoIP" will start taking off)
